

Amendments to the Drawings:

Please replace Fig. 3 with the enclosed "Replacement Sheet" thereof.

REMARKS

The Notice indicated that the previously-submitted drawing did not have "Replacement Sheet" indicated in the top margin as required by 37 C. F.R. § 1.121(d). Applicants had affixed a sticker on the previous drawing but it appears that sticker was lost prior to scanning. The drawing enclosed herewith now has the appropriate marking imprinted in the top margin so this problem should not reoccur. No new matter has been presented.

Accordingly, Applicants believe that the amendment submitted on January 6, 2006 is in order for entry and consideration, which action is earnestly solicited. If a telephone conference would be of assistance in advancing prosecution hereof, Applicants' undersigned representative invites the Examiner to telephone at 212-692-1092.

Respectfully submitted,

M. Lisa Wilson
